

# XXIII<sup>rd</sup> Symposium

## Photonics and Web Engineering Advanced Applications of Photonic/Electronic Systems

**WUT, FE&IT, Faculty Council Room (116), 23-25 January 2009, 10<sup>00</sup>**

### Organizers

WUT – Faculty of Electronics and Information Technologies – Institute of Electronic Systems –  
PERG/ELHEP Laboratories; IEEE and SPIE Student Branches

### Sponsors

IEEE Poland Section, Photonics Society of Poland, Committee of Electronics and Telecommunications –  
Polish Academy of Sciences, Polish Committee of Optoelectronics – Association of Polish Electrical Engineers,  
Inter-Association Committee of Electronics, Telecommunication and Information Technologies –  
Association of Polish Mechanical Engineers

### Patronage Committee

Janusz A. Dobrowolski, Andrzej W. Domański, Leszek Jaroszewicz, Marian P. Kaźmierkowski, Jerzy Klamka,  
Ryszard S. Romaniuk-Chair, Tomasz R. Woliński, Wiesław L. Woliński, Grzegorz Wrochna

### Scientific Committee

Consists of professors attending the WILGA Symposium during particular year

### Aim and Publications

Research and experience exchange forum for young scientists, Ph.D., M.Sc. and B.Sc. students in international environment provided by IEEE and SPIE organizations. Peer reviewed papers published in the Proc. of SPIE series in USA, Electronics and Telecommunications Quarterly by PAS and Elektronika Monthly by SEP.

### Topical Scope

Research areas covered by IEEE and SPIE: Optics; Optoelectronics; Photonics; Electronics; Information Technologies; Automation and Robotics; Communications; Global Computation GRIDS; Mechatronics;  
System Integration: Electronics – Mechatronics – Photonics; Hardware – Software Integration;  
Nanotechnologies; Microsystems and Large Systems; Applications in Astronomy, Biomedicine, Environmental and Municipal Systems, Industry and Research
